Key product features

- Greater handling: new lightweight design makes the job less tiring and easier to finish without breaks.
- Easy handling: ergonomic handles with softgrip and transparent hand guard ensure a safe and more comfortable posture.
- Powerful performance: 600 watt motor and new blade design with sawing function and 26 mm tooth spacing.
- Powerful 600 watt high-performance motor for powerful cutting
- Extremely high-torque (50 Nm) slipping clutch for impressive cutting performance
- Low weight. Over 10% lighter than the predecessor model, enabling you to cut hedges without tiring out your arms
- Effortless working. Softgrip on the rear handle and improved front handle with optimum weight distribution
- Sawing function. Sawing teeth at the front of the blade easily cut branches up to 32 mm in diameter
- Laser-cut, diamond-ground blades for a clean, precise cut
- Blade tip protector for cutting along walls and paths
- Optimum balance and ergonomics for comfortable working in any position

Other product advantages

Comes complete with

- Blade cover

Part number: 0600847F70

EAN code: 3165140643528

Hedgecutter

AHS 50-26

Technical data

Motor power: 600 W

Blade length: 500 mm

Tooth opening: 26 mm

Slipping clutch torque: 50 Nm

No-load stroke rate: 3.400 spm

Weight: 3,6 kg

Noise / vibration information

Measured values determined according to EN 60745
Total vibration values (vector sum of three directions).

Vibration emission value ah: 2.5 m/s²

Uncertainty K: 1.5 m/s²

The A-rated noise level of the power tool is typically as follows: Sound pressure level 75 dB(A); Sound power level 96 dB(A). Uncertainty K= 1 dB.

Functions

Blade tip protector

Sawing function
